Earth Day

Watch the BrainPOP Earth Day movie in the English category on the BrainPOP Israel site, and create an informative poster that highlights key facts, events, and messages related to Earth Day.

1. Watch the BrainPOP movie about Earth Day.

2. While watching, take notes on important information such as:
   - The history of Earth Day
   - Key environmental issues discussed
   - Actions people can take to help the environment

3. After watching the movie, organize your notes and decide on the main points you want to include on your poster.

4. Create your poster with the following elements:
   - A title
   - At least 2 quotes from the video or related to Earth Day
   - A call-to-action section suggesting ways people can participate in Earth Day or help the environment

5. Make your poster visually appealing by using:
   - Different colors for emphasis
   - Varied font sizes and styles for headings and text
   - Relevant visuals, such as pictures, drawings, or diagrams, to illustrate the content of your poster

6. Proofread your poster for any spelling or grammar mistakes.
